

Year 1 Homework Selector - Autumn Term 1 - 2026 - Once Upon a Time

You can bring in anything you have done or email it to Year1@leeslandschools-fed.co.uk

Reading and Writing Homework	Maths Homework	Topic Homework
• Share traditional stories and fairy tales • Try to read a little every day - all the practice will really help your reading. Don't forget to fill in your Snuggle Buddy card! • Practise writing your name neatly. • Practise forming your letters correctly. • Practise learning to read the words that come home in your little yellow book!	• Count to 10 (or 20 if you can!) forwards and backwards. • Say the number that is one more or one less than the number your grown up says to you. • Choose some objects in your house and put them in length or height order. • Find all the different ways to split a number in two (for example, 3 and 2 make 5). You could use pasta pieces, coins, small toys - anything!	• Talk about where our school is and what's around it. • Talk to your grown ups about places you have visited in the UK. • Look around you - how is the weather changing now that it is Autumn? Are the trees doing anything different? Are you seeing different animals or minibests?
